

To Whom it make concern

R. STAHL srl socio unico
<< Your Safety – Our Reality >>

R. STAHL - the explosion protection experts. We, as a Group operating internationally, lead the way in this technology. With our full range of products covering explosion protected switches, pushbuttons, plug&sockets, cable glands, lighting fixtures through distribution and controls of energy till complex systems, CCTV camera, HMIs , Pressurized Panels, UPS, and all the equipment for process automation in hazardous area, we are the only manufacturer able to offer the entire range of different explosion protection methods (types of protection). Our subsidiaries in 24 countries can ensure you full-coverage sales services and international project handling. The R. STAHL brand is synonymous with the very highest quality and demanding solutions. Our key accounts are the Oil and Gas industry, in addition to the chemical and pharmaceuticals industries. However, we also serve customers in the food industry, the shipbuilding sector and the biofuel industry who also need to use explosion protected products. Likewise, R. STAHL products can be found in sewage treatment plants, water conditioning plants and distilleries.

We are hereby to confirm that **EL-WEKAYA Co. for importing of fire& safety industrial equipment** in Tripoli-Libya is authorized to register R. STAHL srl socio unico (and R. STAHL Schaltgeräte GmbH as a manufacturer) in all companies that operate in the Libyan market and pursue inquiries and orders and we will provide any technical support to promote our products.

We hereby also confirm to you that all the inquiries (and from time to time also purchase orders based on certain Payment conditions) relevant to R. STAHL products shall pass through EL-WEKAYA company.

This Document and the agreement thereupon is valid from the date reported till October, 1st 2025 and will be then renewed on same or different basis in written form
